

## Azobact – Bio Fertilizer

Azobact is a certified organic bio fertilizer developed from the particular strain of nitrogen-fixing bacteria Azotobacter chroococcum or Azotobacter vinelandii. This is a Capsule product containing a mixture of beneficial bacteria that fix atmospheric nitrogen to the plant roots, making it available for easy plant uptake. It also protects the roots from other pathogens existing in the soil.

**Content:** Azotobacter chroococcum or Azotobacter vinelandii spores  $1 \times 10^8$  CFU / ml.

### Specifications:

Product Name	Azobact
Type	Biofertilizer
HSN Code	3002
Content	Azotobacter
Color	Creamy white
Dose	1 Strip/acre
Form	Capsule

### Benefits:

- It fixes atmospheric nitrogen and thereby helps to reduce the amount of synthetic fertilizer usage
- It helps to increase the crop yield
- It improves the plant's vigor and health
- Help to improve the soil health

### Dose:

- Soil treatment: 1 Strip/acre through drip irrigation.
- Foliar application: 1 Strip per acre for 400 liters of water

### Recommended Crops:

Fruit crops, tea, vegetables, flowers, and other crops.
