Humic Plus - Organic Soil Conditioner

Humic Plus is a product containing Humic Acid 12%. It is water soluble liquid formulation developed from humus obtained from bio-degradation of plants and animals in soil. It is generally works for white root development. Humic Plus is a plant stimulant and can be used in soil as well as for foliar application. When used with nutrients, it acts as chelating agent and it improves the activity of micronutrients. Humic Plus activates the auxins, amino acids and organic phosphorous for easy uptake by plant roots.

Specifications:

Product Name	Humic Plus	
Type	Organic Plant Growth Promoter	
HSN Code	31059090	
Content	Humic Acid	
Color	Black	
Dose	1-1.5 ml/ lit or 2 lit/Acre
