Azodie (Nitrogen Solubilizing Bacteria) – Bio Fertilizers

Azodie is an organic certified bio-fertilizer developed from the selective strain of nitrogen-fixing bacteria *Azospirillum lipoferum*. This is a liquid product containing mixture of beneficial bacteria that solubilizes insoluble nitrogen to make it available for easy uptake by plants. It also protect the roots from other pathogens existing in the soil

Content: *Azospirillum lipoferum* spores 1×10^8 CFU / ml.

Specifications:

Product Name	Azodie	
Type	Bio fertilizer	
HSN Code	3002	
Content	Nitrogen solubilizing bacteria	
Color	Whitish	
Dose	5 ml/lit or 1 -2 lit/Acre	
Form	Liquid	
Packing	500 ml, 1 lit, 5 lit & Bulk quantities	

Benefits:

- It fixes atmospheric nitrogen and thereby helps to reduce the amount of synthetic fertilizer usage
- Helps to increase the crop yield
- It improves the plant vigor and health
- Help to improve the soil health

Dose:

- Soil treatment - 1 liter / acre through drip irrigation
- Foliar application - 2.5 - 5 ml per liter of water
- Seed/root dips treatment - 10 ml per kilogram of seeds

Recommended Crops:

Fruit crops, vegetables, tea, flowers and other crops, etc
